

Full Coursework Listing

Jesse Amundsen
jesse@trishock.com

September 6, 2010

Dixie Heights High School

Advanced Placement Credit

AP Calculus AB (4)
AP U.S. History (4)

GEO100 - Elements of Geography
GEO308 - Climatology
PSY100 - Introduction to Psychology

University of Kentucky

Fall 2005

COM181 - Basic Public Speaking
CS100 - The Computer Science Profession
CS115 - Introduction to Computer Programming
EN104 - Accelerated Writing
MA113 - Calculus I
MA193 - Calculus I Workshop

Fall 2007

ART100 - Art Appreciation
CSC364 - Data Structures & Algorithms
GEO108 - Introduction to Physical Geography
GEO406 - Geography of Latin America
GLY230 - Geology of National Parks

Spring 2006

CS215 - Program Design
GEO152 - Regional Geography of the World
GEO160 - Lands and Peoples of the Non-Western World
MA114 - Calculus II
MA194 - Calculus II Workshop

Spring 2008

AFR100 - Introduction to Afro-American Studies
GEO318 - Geographic Information Systems
GLY110 - The Face of the Earth with Lab
GLY315 - Structural Geology with Lab
GLY397 - Special Project: Geology Department Website
PSC100 - American Politics

Northern Kentucky University

Spring 2007

AST115 - Stars, Galaxies & Cosmology with Lab

Summer 2008

ENG200 - Introduction to Literature
PHI201 - Film: From Humor to Horror

Fall 2008

CHE120 - General Chemistry I
CHE120L - General Chemistry Lab I
GEO594/CSC494 - Advanced Topics: Spatial Databases
GLY330 - Geomorphology with Lab
GLY335 - Earth Materials
GLY392 - Directed Research: Mohr-Coulomb Failure Theory, MATLAB

Spring 2009

CHE121 - General Chemistry II
CHE121L - General Chemistry Lab II
GLY394 - Seminar: Geophysical Methods in the Field
GLY397 - Teaching Assistant: Structural Geology
GLY420 - Stratigraphy & Sedimentation with Lab
GLY450 - Hydrogeology

Summer 2009

GLY350 - Field Paleontology (Utah)

GLY416 - Geologic Field Methods (Colorado School of Mines)

Fall 2009

GLY402 - Invertebrate Paleontology with Lab
GLY435 - Sedimentary Petrology & Petrography with Lab
GLY440 - Applied Geophysics
PHY211 - General Physics I with Lab

Spring 2010

GEO518 - Geographic Information Analysis
GLY397 - Teaching Assistant: Geomorphology
GLY399 - Independent Readings: Mineralogy
GLY492 - Independent Research: LiDAR DEM's and Landslides of Northern Kentucky
PHY213 - General Physics II with Lab

Fall 2010

GEO415 - Cartography
GEO592 - Directed Research: LiDAR/Landslides
